Aanjneya International Enterprise

ABOUT US

Aanjneya International Enterprise aims to provide industry leading chemical solutions that meet the exacting standards of our valuable clients. We've grown from a small team with a big vision into a robust company equipped to serve various sectors globally. What sets us apart is our commitment to fostering long-term partnerships based on trust, reliability, and value.

We believe that the future of the chemical industry lies in sustainable practices and responsible innovation. That's why we adhere to global safety standards and environmental norms, constantly upgrading our systems and processes. At Aanjneya International Enterprise, every batch of chemicals goes through rigorous quality checks, ensuring that our products meet the highest standards in performance and safety. Our clients can rely on us for consistency, precision, and exceptional customer service, making Aanjneya International Enterprise a dependable partner in their journey to success.

Vision Mission

Vision

Aanjneya International Enterprise strives to be a global leader in the chemical export industry, and we are known for our dedication to quality, innovation, and sustainability. We envision a future where our products and practices set benchmarks for others in the industry to follow. By staying ahead of trends and anticipating client needs, we can offer solutions that meet current demands and set the foundation for future growth. Building strong, long-lasting partnerships with customers & collaborators worldwide is central to our business model. We believe in a collaborative approach, working closely with our clients to understand their needs and deliver products that add value to their businesses.

Mission

We aim to provide high-quality chemical products that meet global industry standards while prioritizing sustainability and innovation. Through continuous improvement, we strive to be more than just suppliers; we are problem-solvers who bring impactful solutions to the table. At Aanjneya International Enterprise, we offer customized solutions that are reliable, efficient, and precisely suited to each client's requirements. We are committed to environmentally friendly practices, understanding that a sustainable approach is not just an option but a necessity. From production processes to packaging, every step in our operations is carefully designed to minimize environmental impact and support a greener future.

CORE VALUES

- **Integrity:**

Integrity forms the foundation of our company. We are dedicated to maintaining transparency & honesty in all our dealings, ensuring that clients & partners can always trust in our words and actions.

- **Safety:**

Safety is not just a protocol but a core value. We are uncompromising when it comes to the well-being of our employees, clients, and the environment. All our products are designed and handled with safety as a top priority.

- **Quality:**

Quality is at the heart of everything we do. From raw material sourcing to final delivery, our products undergo stringent quality checks. We are committed to providing products that meet international standards and exceed client expectations.

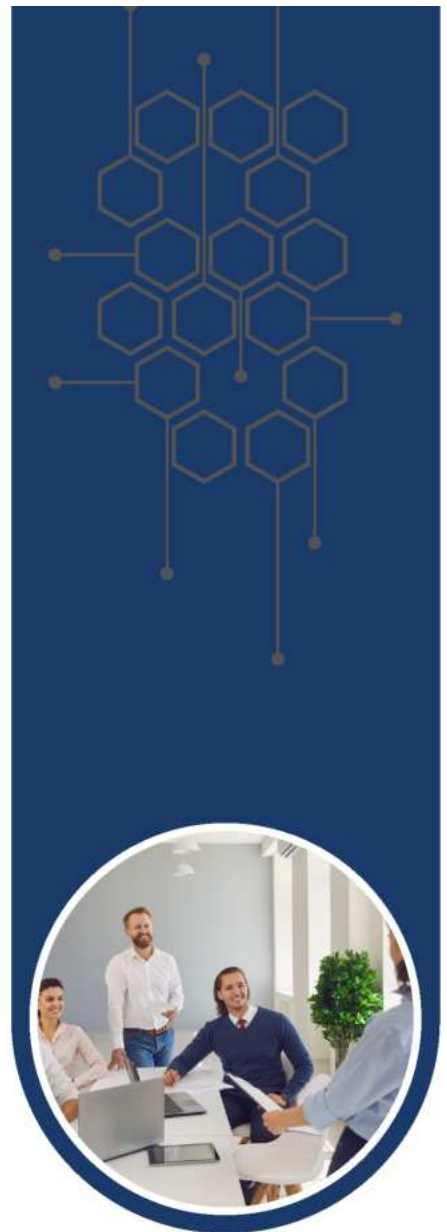

- **Customer Focus:**

We build meaningful relationships by listening to our clients' needs, valuing their feedback & tailoring our services accordingly. We strive to support their growth through, responsive solutions.

- **Collaboration:**

Aanjneya International Enterprise values teamwork and partnerships, both within our company and with our clients. By fostering a collaborative environment, we work towards shared goals and mutual growth, ensuring everyone in the ecosystem benefits from our collective efforts.

Sustainability & Environmental Impact

Our commitment to sustainability goes beyond compliance; it's a core part of our business philosophy. At Aanjneya International Enterprise, we understand that our industry has a significant environmental footprint, and we are determined to make a positive impact.

Our sustainable approach begins with sourcing eco-friendly raw materials and extends to reducing waste through efficient production processes. We are invested in sustainable packaging, choosing materials that have minimal environmental impact. Our distribution practices are optimized to reduce carbon emissions, and our facilities are equipped with technology designed to minimize resource consumption and waste generation. Aanjneya International Enterprise is constantly seeking new ways to lessen our impact on the planet because we believe that sustainable business is good business.

Our Products

Soap & Detergents

- Caustic Soda Flakes / Prills
- Sodium Sulphate Anhydrous
- SLES
- Sodium Silicate Liquid/ Glass
- Soda Ash Light
- Color Speckless
- TALC
- Coco Diethanolamide
- Linear Alkyl Benzene Sulfonic Acid(LABSA)
- Sodium Lauryl Sulphate Needle
- Sodium Metasilicate
- Sodium Monochloro Acetate(SMCA)
- Monochloro Acetic Acid(MCA)
- Tri Chloro Acetic Acid
- Triethanolamine
- Sulphamic Acid
- Guanidine Carbonate

Cosmetics & Personal Care

- SLES
- TALC
- Benzalkouim Chloride
- Stearic Acid
- Cocamidopropyl Betaine
- Glycerin
- Coco Diethanolamide
- Cetyl Trimethyl Ammonium Chloride
- Hexamethyldisiloxane
- Polysorbates
- Menthol

Oil and Gas

- HCL
- Choline Chloride
- Cocamidopropyl Betaine
- Benzalkouim Chloride
- Potassium Chloride
- Sodium Cyanide
- Copper sulphate
- Calcium Chloride
- Silicon

Fertilizers and Animal Feed

- Magnese Sulphate
- Zinc Sulphate
- Choline Chloride
- Magnese Oxide
- Magnese Carbonate
- Ferrous Sulphate
- EDTA
- Copper Sulphate
- Zinc Carbonate
- Magnese Chloride

Water Treatment

- Aluminum Sulphate
- Ferric Chloride
- PAC / Powder Liquid
- Calcuim Hypochlorite
- Trisodium Phosphate
- Defoamers
- Coagulant
- Flocculant
- Descalant
- Anti Scalant

Industrial Acids

- HCL
- Sulphuric Acid
- Nitric Acid
- Formaldehyde
- Oxalic Acid

Food and Beverages

- Acetic Acid
- Phosphoric Acid
- Sodium Bicarbonate
- Citric Acid
- Liquid Glucose
- Maize Starch
- Dextrose Monohydrate
- Sorbitol/ Liquid/ Powder
- Bleaching Earth

Paint, Ink and Coatings

- Desmodur
- Carbon Black
- Sodium Aluminum Silicate
- Pigments
- Paint Dryers
- Biocide
- Monomers
- Paint Additives
- Raisins
- Ethyl Acetate
- Sodium Metasilicate

Textile

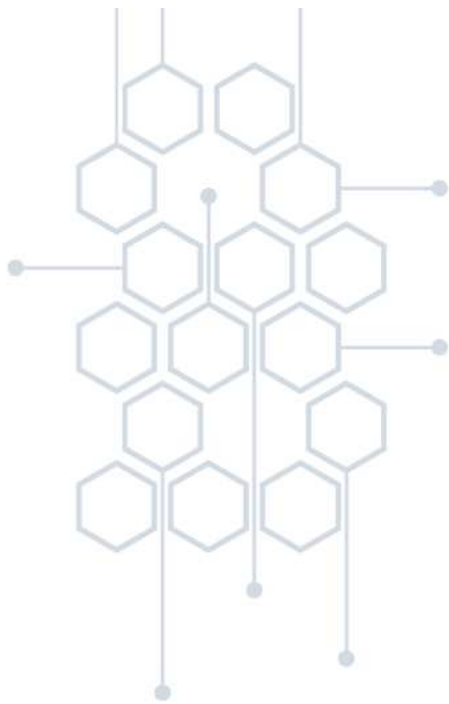

- Acetic Acid
- Hydrogen Peroxide
- Nonyl Phenol Ethoxylate
- Green Acetic Acid
- Fabric Softner
- Sodium Hypochlorite
- Bleaching Powder
- Sodium Hydrosulphite
- Zinc Formaldehyde Sulfoxylate
- Sodium Formaldehyde Sulfoxylate
- Sodium Metasilicate

Inorganic Chemicals

- Ammonium Sulphate
- Potassium Sulphate
- Magnesium Sulphate
- Zinc Sulphate
- Sodium Meta Bisulphate
- Potassium Nitrate
- Ferrous Sulphate
- Ammonium Bicarbonate
- Barium Carbonate
- Sodium Meta Bisulphite
- Sodium Sulphate
- Sodium Bi sulphate
- Sodium Chloride
- Ammonium Chloride
- Magnesium Chloride
- Poly Aluminium Chloride
- Sodium Sulphite Flakes
- Sodium Nitrate
- Sodium Tripolyphosphate
- Potassium Schoenite
- Zinc Chloride
- Sodium Aluminium Sulphate
- Sodium Bi Sulphite
- Ferric Sulphate
- Copper Sulphate Pentahydrate
- Zinc Oxide
- Calcium Oxide
- Sodium Hydroxide
- Potassium Hydroxide
- Sodium Nitrite
- Magnesium Nitrate
- Tri Sodium Phosphate

Others

- Liquid Ammonia
- Micro Crystalline wax
- Paraffin Wax
- Choloform
- Sulphur Powder
- Hexamethyldisiloxane
- Bnzy Chloride
- Benzyl Alcohol
- Linseed Oil
- Castor Oil

Quality Assurance

Quality is the backbone of Aanjneya International Enterprise. Every product we offer is backed by a rigorous quality control process that guarantees consistency and reliability. We source only the finest raw materials, and every batch is thoroughly inspected to ensure it meets our high standards. Our state of the art laboratories conduct comprehensive testing at each production stage to confirm that our products align with international regulatory requirements.

By investing in advanced technology and continuous improvement, Aanjneya International Enterprise not only meets but often exceeds industry standards. Our clients can have confidence that every product from Shivanya is of the highest quality, providing the performance they need without compromise.
